REPORT OF HONOR-ROLL COMMITTEE AND COMMITTEE FOR MEMORIAL DAY

The members of these committees worked together to plan the joint program for Memorial Day 1948, at which time the Permanent Honor Roll was dedicated and Memorial Day Exercises were held.

Since March 24, 1946, the Honor Roll Committee held a series of many meetings over a period of two years. Much thought and work went into the preparation of the Roll, and when finally completed, it was hung in the Library, according to the wish of Town Meeting, and with written permission from the Board of Library Trustees.

A dignified ceremony for unveiling and dedication of the Honor Roll was held in the Reading Room of the Library, being well attended. This was immediately followed by a Memorial Day program outside the Library. Main speaker for both was Rev. Raymond L. Liles of the Salem Center, N. H., Congregational Church, himself a veteran of Chaplain's service.

The Committee is indebted to Mr. Kenneth Atwood of Haverhill, Mass., for his kindness in attending several of our meetings and for his advice and working knowledge in the task to which we had been assigned.

The Treasurer of the committee will make the financial report.

We submit this as a final report of the Committee on Honor Roll:

Members:	Maurice E. Tarbell, <i>Chm.</i>
	Florence B. Garland, <i>Sec.</i>
	Myron C. Wheeler, <i>Treas.</i>
	Elva D. Tarbell
	Paul M. Lamson
	Robert Mason, Sr.
	Mary H. Glance

and of the 1948 Memorial Day Committee, whose members are:

Maurice E. Tarbell
Florence B. Garland
Robert P. Mason, Jr.

Signed:

FLORENCE B. GARLAND, *Secretary.*

REPORT OF SUPERINTENDENT OF SCHOOLS

To the Windham School Board:

I herewith submit my seventh annual report as superintendent of schools of Windham.

STATISTICAL REPORTS

Enrollment

The total enrollment for grades one through eight for the period ending January 31, 1949 was 122 as compared to 113 for the same period last year and 101 two years ago.

The membership by school and grade for January 31, 1949 follows:

<i>School</i>	<i>Grades</i>								<i>Total</i>
	1	2	3	4	5	6	7	8	
Center.....	19	19	19	13	13	15			98
Searles.....							13	4	17
Totals.....	19	19	19	13	13	15	13	4	115

The number of Windham pupils who were in attendance at high school on January 31, 1949 may be seen from the following:

<i>School</i>	<i>Grades</i>				<i>Total</i>
	9	10	11	12	
Pinkerton Academy.....	4	1	1	3	9
Woodbury High.....	0	4	3	0	7
Nashua High.....	6	3	1	1	11
Lowell High.....	2	1	1	2	6
Methuen High.....	1	0	1	0	2
Totals.....	13	9	7	6	35

Statistics for the School Year Ending June 30, 1948

Total registration	120
Half days schools were in session	350
Average membership	107.433
Average attendance	98.071
Per cent of attendance	91.285

On Friday afternoon, June 18, 1948 graduation exercises were held in the Searles Chapel for twelve pupils who had completed the prescribed elementary program of studies. Appropriate exercises preceded the awarding of certificates to the following:

Jean Marie Benson	Frank Johnson
Gilbert Chadwick	Frances Lucien
Dorothy Cheney	John Dana McGowan
Ruth Deane	Harvard Otis
Beverly Graham	Leila Phelps
Norma Hashim	Robert Rioux

The following children were neither absent nor tardy during the school year 1947-1948:

Grade 2	Rioux, Albert
Grade 3	Alexander, David
Grade 3	Beauregard, Richard

The educational problems of today are critical. The district has made provision for a solution locally for one of the problems, housing. The demands that must be met are still severe however on a state and national basis.

There are two problems that are facing the district, state and nation and they are interrelated with each other and with the housing problem.

The first is the problem of teacher supply. We have been fortunate thus far to have had available residents of the district for three of four teaching positions. If however for any reason resignations made it necessary to replace teachers the seriousness of the situation would be apparent. The problem is acute for several reasons.

The first reason for the shortage is the fact that the teacher training institutions do not have sufficient numbers of graduates to meet the normal loss on an annual basis. This means recruitment of personnel from out of state areas or inducing retired teachers to return to teaching. In either case financial inducements must be large enough so as to make the situation attractive.

Secondly the educational demands with expanding curricula and a better understanding of the needs of children have resulted in the recognition that smaller class size is desirable. This simply means that a greater number of teachers is necessary to meet the demand thus created. It means that in general 3 teachers are needed where two were sufficient formerly.

Thirdly the increased birth rate has increased enrollments generally so that even if the "status quo" were maintained as regards class size a greater number of teachers would be required.

This teacher shortage has resulted in increased school costs that will only reach a "leveling off" when supply and demand are more nearly equal. In addition to the operation of the economic law of supply and demand an appreciation of the public of the service that teachers are rendering to pupils has led to a willingness generally to pay more adequate salaries.

Educational finance is the third problem. The normal costs have naturally increased along with all other items. Fuel, supplies, transportation and all other items have advanced in price. With the increased salary range high school tuition has increased tremendously. In the current year one high school increased tuition rate from \$90 to \$165. This increase is characteristic of the advance generally of tuition rates. The increased cost is the most important single factor in increasing public approval of state and federal aid. The costs are ultimately still met by the tax payer but state and federal agencies broaden the base so that a greater number contribute than do at a local level. Real property is thus relieved of part of the burden.

Solution of these three interrelated problems will eventually result in an educational system that will be better geared

to meet the changing challenges of modern society. The solution is not easy. It must be made if democratic society is to meet successfully the challenges of our present world situation.

Enrollments

The local situation bears out the situation before mentioned. Our high school enrollment figures for the past four years show an increase of 240%.

1945-46.....	15
46-47.....	25
47-48.....	30
48-49.....	39

With cost of high school tuition increasing \$70-\$75 and enrollment increase indicated above, the cost of high school education is more and more a heavy contributor to our total expenditures.

The elementary school enrollments show the same general trend:

	<i>Grade</i>	1	2	3	4	5	6	7	8	<i>Total</i>
1948-49.....	19	19	19	13	13	15	13	4	116	
1947-48.....	16	21	14	11	15	13	6	12	108	
1946-47.....	13	12	11	15	11	7	12	13	95	
1945-46.....	11	8	13	9	8	11	11	10	81	
1944-45.....	8	12	9	7	13	12	10	6	77	

When the present 8th grade is graduated the enrollment will reach approximately 130 pupils or approaching a 70% increase in 6 years. There is little relief in sight for contrary to past history the birth rate did not decline with the end of the war. This data indicate some of the problems that face the schools in all the areas previously mentioned.

Instruction

With the completion of the additional room at the Center School it was possible to organize on a 2 grades to a room basis. Mrs. Webber, Mrs. Kezer and Mrs. Klein were in charge of Grades 1-2, 3-4, & 5-6 respectively. Miss Cashion was teacher at Searles.

Book purchases were made to augment the present text. Jr. Britannica was purchased for the 7-8. The policy of having basic texts in accord with needs and adding reference and supplementary materials as funds permit will tend to keep the schools up to date in this important area.

Budget

The total budget for current operations including the special appropriation for 48-49 was \$25,555.00. The proposed budget shows an increase of \$4,962.00. Two items are responsible for \$4,875.25. Debt service accounts for \$2,875.25 and high school tuition for \$2,000. These are obligations of the district over which little if any control can be exercised. Other increases in budget items are offset by decreases so that the total increase is \$4,962 or an increase in all other items of only \$86.25.

At the time of writing it is difficult to forecast the situation in regards to income. The state aid law may be changed since legislation has been introduced for that purpose. If changed, the action of the legislation may mean increased income. Until the appropriating body makes known the amount of money to be available the amount of income is problematical. In addition the dog tax monies may be taken from school resources and devoted to town use. Although these two factors are still unsettled, in order to complete the budget they have been listed as they were in the previous year. The state department working in conjunction with the attorney general's office anticipates that they may prior to the meeting advise districts as to the best procedure to follow in connection with this matter of vital importance to the district.

The improvement of the educational opportunity for the children of the district has been due to the fine spirit of cooperation evidenced by all. Parents and children, school board and teachers have all contributed to the program. It is both a privilege and a pleasure to have had a part in a program which has made such a contribution to the education of children.

Respectfully submitted,

EVERTON H. PARKINSON

Superintendent of Schools

REPORT OF THE FOREST FIRE WARDEN

Your local organization to prevent and extinguish brush and woods fires is glad to report a good year of forest protection in 1948. In spite of danger conditions nearly equalling at times those of 1947 when great losses were suffered in New Hampshire and New England, fire damage and loss this year have been gratifyingly low.

With the continuing cooperation of all the people, we can hope to have another successful year in 1949. Let us remember that in any year, over 90% of all fires are caused by carelessness and that all of these man-caused fires are preventable.

Today, we have more slash and uncut grassland than for many years in the past. Smokers, campers and tourists who use our outdoors are also more numerous than ever before. We must therefore be ready for fires which might occur but, above all, prevention by everyone is the greatest need.

A few simple precautions taken by every citizen will help, as follows:

- (1) Always get a written permit from the warden before kindling a fire outdoors when the ground is not covered with snow.
- (2) If you smoke, always extinguish matches and tobacco before dropping or throwing them down. In automobiles, always use the ash trays.
- (3) Report fires and smokes to the warden without delay.

The observance of these and other simple rules will go

far to insure safety from fire damage and your cooperation in this way is earnestly solicited.
